

Microsoft Word Training Session

I am learning **Microsoft Word**. I hope to learn¹ at *least* one new thing in this training session. If I have any questions (and I know I will), I will ask the instructor to answer them so I will not get stuck.

I have a paper to write, and I have to use footnotes. I don't know how to do them, but after this example, I will.²

¹ Or at least try

² My instructor will be happy to see footnotes in my paper.
